

This is called Honoring  
the Black Kripple  
Remember the book  
Black Disabled Art History 101

It's time for a music video.  
If you don't know  
now you know  
Time to stop  
Correct the wrongs  
and continue honoring  
Forced oral communication  
Oralism  
Alexander Graham Bell  
What would you say  
to the Fathers of Dip Hop?  
Today's music videos  
by Sign Mark  
Sho Roc and Wawa  
You can't stop  
We will pick our own leaders  
like Andrew Jackson Foster  
Your time has passed  
Read our sign language  
KRS-One  
talked about the Dozen  
On slave ships  
Ain't that some shit?  
They were all disabled  
The Godfathers of Hip-Hop  
Coming off those boats  
We followed the Drinking Gourd

Peg Leg Joe  
holding Harriet Tubman  
in the middle of a seizure.  
Underground Railroad  
leading to Blues trails  
Josh White Sr.  
leading blind Blues artists  
throughout the South.  
Meet an elder  
A disabled Black man  
Jim Crow  
Just dancing  
in his neighborhood  
with a white man looking on  
Things were not good  
Took his clothes  
Learned his songs and dance  
to put on a minstrel show.  
Opening up the cages  
We are not freaks  
Freedom to  
William Henry Johnson  
That haunting moaning...  
from Blind Willie Johnson  
Chick Webb  
providing the drum beats.  
Can't forget  
Big Boss Lady  
Her Blues still whipping around  
with the Chicago wind...  
singing

Swallowing  
the harmonica  
Peg Leg Sam  
Here I am  
On the brown side  
Slap my hand  
This is real,  
I'm not no ham  
It's called Honoring  
With three horns in his mouth  
Rahsaan Roland Kirk  
Black Churches  
kicked them out to the curb  
where they made their money  
on street corners  
Soulful making panties fly  
Walter Jackson  
und Robert Winters  
Turning off the lights  
with Teddy Pendergrass  
Making women melt  
and feeling high  
Peg Leg Bates  
Dancing in the White House  
Smooth moving  
With one leg  
and one arm on stage  
Crip Heard  
dip and jump, dip and jump  
He was no lump  
Limping in the cypher

Crazy Legs & Bill Shannon  
Crutch masters  
DJ Touch Tone on the deck  
Kase2's spirit's graffiti  
making you turn your necks  
Krip Hop takes you back  
Part one in history  
Like Slick Rick's  
"Children's Story"  
Now he's on the screen  
Let's all go green  
In tin cups  
or bank accounts  
Don't rip us off  
like Ray Charles  
He is on my shoulders  
Ancestor angel  
Did it in a book  
On wax, in the studio  
Now in a music video  
You know  
Catch my flow  
Fast and slow  
Not about me  
Like Wheelchair Sports Camp  
'It's hard out here for a Gimp'  
Throw your 4s up...  
Like 4 Wheel City  
Who's on the deck?  
Fezo's feet  
making nasty beats.  
It's called Honoring

That's what it's called people

Honoring

The Black Kripple

In Your Face!
